

NEW ZEALAND SOCIETY FOR RISK MANAGEMENT

NOMINATION FOR POSITION OF CHAIR

Name:	Roger Estall
Occupation	Risk Management Consultant
Address	32 Gretel Place Auckland 1310
Telephone	025 938 528
FAX	
email	<u>Risk_solutions@xtra.co.nz</u>

I nominate Roger as the inaugural Chairman of the Society because of a combination of his experience in running organisations (he has served as chairman and member of numerous committees and national organisations), his substantially pioneering advocacy in promoting the adoption of the concepts of integrated risk management in New Zealand, his familiarity with both public sector and private sector contemporary risk management practice and his contributory role in fashioning the structure and constitution of the Society.

In its first year, the Society will need to achieve public recognition of its goals while expanding membership – and associate membership - across the public and private sector.

Administratively, the Committee will be faced with devising and implementing efficient but legally well-founded operating practices – including e-voting – and putting the Society on a sound financial footing. Concurrently, members will be looking for real progress in progressing the Society's underlying aim of lifting the risk management game across all sectors of administration, industry and commerce. In my estimation, Roger Estall's experience and expertise is an appropriate mix to lead the new Society bed itself down.

Nominated by Neil Britton

Roger Estall has agreed that his name be put forward for this position.
